

January 30, 2018

Mr. Owen Glave
CEO/Lead Consultant,
Quality Circle International Limited,
P.O. Box 190, Kingston 5.
Jamaica.

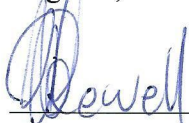

Dear Mr. Glave:

As the Managing Director of Tijule Company Limited I can proudly say that it has been an honour to work with the Quality Circle International team. My team and I have been significantly enriched by the wealth of knowledge that has been shared with us through comprehensive presentations and training sessions. This enabled us to identify the aspects of our operations which were deficient and to plan, implement and execute the corrections necessary to satisfy the requirements of Food Safety System Certification (FSSC).

It was under the expert guidance of the Quality Circle International limited , that Tijule Company Limited was able to successfully complete the stage II certification audit in November 2016. This resulted in the award of the internationally recognized FSSC 22000 certification in January 2017; a significant achievement for our organization.

Quality Circle International Limited has demonstrated that it possesses the expertise and knowledge to assist companies in their quest to attain certification. It is with this knowledge and from our own personal experience that we can confidently recommend them as consultants to any one in the food industry.

Regards,

Roy Newell (Mr.)

Managing Director
